CAREER OBJECTIVE

Highly dedicated and passionate about Front-end developing, committed to deliver dynamic and responsive user interfaces. Enthusiastic to learn new technologies, eager to contribute to cross-functional teams, utilizing cutting-edge technologies to create exceptional user experiences.

EXPERIENCES

Edutechs – Software Developer | August 2025 - Present

- Built and maintained secure user authentication and real-time data syncing using Firebase, with responsive web interfaces in **React** and cross-platform mobile UIs in **React Native**.
- Developed end-to-end features using **React** (web) and **React Native** (mobile), integrating frontend and backend services while optimizing app performance and scalability across devices.
- Collaborated with cross-functional teams to integrate third-party APIs, and ensured product quality through testing, debugging, and continuous improvements for both React and React Native applications.

TwinForce Solutions Limited – Software Engineer Intern | May-July 2025

- Completed a **Salesforce CRM** internship, gaining hands-on experience with real-world business workflows and applications.
- Worked on **Salesforce Admin** configurations such as objects, permission sets, page layouts, and automation tools.
- Developed and tested Apex, Lightning Web Components, Flows, and triggers to automate processes and improve user experience.
